

## Make Smart Business Decisions

Earning the [APICS Certified Supply Chain Professional](#) or the [APICS Certified in Production and Inventory Management](#) designation demonstrates your motivation, establishes you as an industry resource, and signifies your commitment to excellence in the operations and supply chain management profession.

### APICS CPIM Study Options

Your learning experience will be easier with three options that personalize your APICS CPIM curriculum. Mix and match these learning methods to your individual learning style.

[Online APICS CPIM Review Courses](#)—*Flexible, online format.*

[APICS Workshops](#)—*APICS offers face-to-face, intensive learning and networking opportunities.*

[APICS CPIM Self-Study](#)—*APICS offers a wide variety of tools that you can tailor to your unique learning style.*

Get Started Today. Visit [apics.org/epim](http://apics.org/epim) to learn about online courses, local certification review classes, study materials, and exam information.

### APICS CSCP Study Options

The APICS [CSCP Learning System](#) is the premier exam resource that combines instructor-led formats with print and Web-based study components to provide a comprehensive learning experience.

### Instructor-Led Classes

The APICS CSCP instructor-led courses are the preferred choice for operations management professionals who want to enhance their knowledge, skills, and expertise.

## Find out who's offering the CSCP courses in your area

### Self-Directed Learning

This study method gives you the freedom to access the content whenever you need, from wherever you are, and the flexibility to study anytime, anywhere. The flexibility enables you to learn in your own personal style and at your own pace.

### Online Learning Option

This format offers the benefits of the self-directed option with the assistance of instructors with APICS certifications. The flexibility to study anywhere enables you to learn in your own style and benefit from a course schedule to keep you on track.
